Preschool Openings

Preschool Photos

We love preschool smiles! Preschool photos will be taken by Sharp Photo at S.J.C.P. on November 4th and 5th during our regular class time. Each child will be photographed in individual and class photos. *Note: We will avoid messy art on these days, so feel free to send your child in their favorite picture day outfit.*

Interesting Article

"Look at the differences between a typical preschool child's hand (left) and a typical 7 year old hand (right). Want to know why a preschool aged child isn't able to write yet? This is why! Their hands are still developing and are not fully formed. So what should they be doing to support this? PLAY!! Play dough, coloring, cutting, gluing, playing outside, digging in dirt, sensory play, dress up play, science experiments, beading, puzzles, throwing balls, etc.

All of these things help their hands develop. When they are physically ready to write, they will! No need to rush them, they will show you when they are ready."
